

Assembly Fitter

Central Diesel builds, services and repairs a wide range of plant equipment and machinery in a diverse range of industries. We have a fully equipped, fully air conditioned workshop with above award wages.

We are seeking a highly skilled, trade or someone with an extensive mechanical/assembly background to join our manufacturing team in our Wingfield branch. The successful applicant should be a motivated individual with strong communication skills. Must be able to work well in a team environment and under minimal supervision.

To be successful in this role you will ideally have:

- Trade Qualified Mechanical Fitting
- Experience in steel assembly
- Experience in assembly of mechanical systems
- High level of attention to detail
- A strong commitment to safety ensuring safe work practices are adhered to
- Gas Class B Appliances exposure
- Able to read and understand mechanical drawings

For further information please contact Ingrid Roling on 8349 7733. Submit all resume to ingrid@centraldiesel.com.au or send to 300 Cormack Road, Wingfield SA 5013
